

The Official Cisco 1242 AP Wireless LAN Site Survey Kit

Everything You Need for a Professional Site Survey

TerraWave Solutions, in partnership with Cisco, has developed the Official Cisco 1242 AP Wireless LAN Site Survey Kit. Designed to provide System Engineers with cutting edge survey capabilities, the Wireless Site Survey Kit is loaded with accessories crucial to performing professional site surveys with the Cisco 1242 AP.

TerraWave Solutions offers four custom versions of the Cisco 1242 AP Wireless LAN Site Survey Kit.

Complete kits are available with and without Cisco 1242 APs. TerraWave

offers an essentials kit at a reduced price with TerraWave products only for customers who may have previously purchased the Cisco 1242 AP. Individually purchasing the same high-quality products contained in the kit will cost hundreds of dollars more.

See Reverse Side for Kit Versions and Pricing
