

The Official Cisco 1252 AP 802.11n MIMO Wireless LAN Site Survey Kit

Everything You Need for a Professional 802.11n MIMO Site Survey

TerraWave Solutions, in partnership with Cisco, has developed the Official Cisco 1252 AP 802.11n MIMO Wireless LAN Site Survey Kit. Designed to provide System Engineers with cutting edge survey capabilities, the 802.11n MIMO Wireless LAN Site Survey Kit is loaded with accessories crucial to performing professional site surveys for the Cisco 1252 AP.

TerraWave Solutions offers two custom versions of the Cisco 1252 802.11n MIMO Site Survey Kit. Complete kits are available with and without Cisco 1252 APs. TerraWave also offers a MIMO essentials kit at a reduced price with TerraWave product only for customers who may have previously purchased the Cisco 1252 AP. Individually purchasing the same high-quality products contained in each kit will cost hundreds of dollars more.

See Reverse Side for Kit Versions and Pricing

- One durable and transportable carrying case
- Easy to access, organize and inventory
- Designed for high-caliber site survey professionals
- Totally Loaded. The most complete 802.11n MIMO Site Survey Kit on the market

802.11n Cisco 1252 AP

Easy to Transport, Organize and Inventory

The Cisco 1252 AP 802.11n MIMO Wireless LAN Site Survey Kit is contained within a durable case for easy transport and shipping.

- Airline approved travel case
- Custom cut foam inserts to protect and organize each individual item
- Wheels and handle for easy transport
- Total weight of complete kit is 87 pounds
- Dimensions Inside: 29 1/8" x 20 11/16" x 17 5/8"
- Dimensions Outside: 32 1/2" x 22 7/8" x 18 7/8"

Designed to Handle an Array of Industries and Environments

The Cisco 1252 AP 802.11n MIMO Wireless LAN Site Survey Kit is fully equipped to handle site surveys in most every environment and industry including:

- Hospitality
- Oil & Gas
- Manufacturing
- Distribution
- Healthcare
- Education
- Retail
- Office Buildings
- Military
- Transportation

Version 1.4

TerraWave offers two versions of the Cisco 1252 AP 802.11n MIMO Wireless LAN Site Survey Kit

	MIMO Essentials Kit- TW Only	Semi-Loaded MIMO Kit
TESSCO Part Number	373714	333893
TerraWave Part Number	SSK-001-TW-MIMO	SSK-005-TW-MIMO
Price	\$3,750.00	\$5,995.00
Equipment Case with Wheels	1	1
Cisco 1252 TGn Access Point		2
2.4 GHz 3 dBi MIMO Ceiling Mount Omni with (3) 36" RPTNC Plug Connector	1	1
2.4 GHz 3 dBi Above Ceiling Mount MIMO Omni Antenna with (3) 24" RPTNC Plug Connector	1	1
2.4 GHz 6 dBi MIMO Patch Antenna with (3) 36" RPTNC Connector	1	1
5 GHz 4.5 dBi MIMO Ceiling Mount Omni Antenna with (3) 36" RPTNC Connector	1	1
2.4/5 GHz 2.5/4.5 dBi MIMO Ceiling Mount Omni Antenna with (6) 36" RPTNC Plug Connector	1	1
2.4/5 GHz 2.5/4.5 dBi MIMO Rubber Duck Antenna with RPTNC Connector	6	6
802.11n 2.4/5 GHz 3 dBi Above Ceiling Mount MIMO Omni Antenna with (6) 24" RPTNC Connector	1	1
802.11n 5 GHz 3 dBi Above Ceiling Mount MIMO Omni Antenna with (3) 24" RPTNC Connector	1	1
TerraWave Site Survey Battery Pack	2	2
Custom Foam Insert	1	1
TerraWave Measuring Wheel	1	1
TerraWave Access Point Marking Locators	1	1
24" Bungee Cord	2	2
8 3/4" 40 lb cable Tie	1	1
Flaging Tape Roll, Pink	2	2
4" Natural Cable Tie	1	1
Velcro, 1' hook & loop	1	1
AP Marker Kit (50)	1	1
Duct Tape (2 x 60)	1	1
